

# RECYCLING

## RECYCLING RULES OF THUMB

### GLASS

(CLEAR, GREEN, BROWN)  
Glass food and beverage containers can be easily recycled by removing caps and lids and rinsing out the container. Labels can remain.

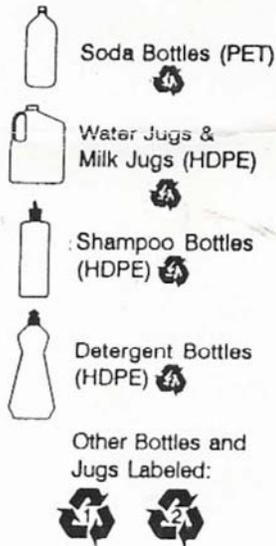

### NEWSPAPERS

- Tie in bundles 8" - 12" high
- Do not mix with magazines, mail, corrugated, envelopes, fliers, catalogs or plastic
- Secure with twine tied in two directions
- Place next to your recycling container

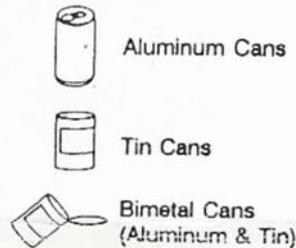

### PLASTICS

Only plastic soda bottles, milk jugs, water jugs, and laundry products labeled #1 or #2 are acceptable. Other plastic containers such as bowls and plates are not acceptable. Be sure to remove lids and rinse out container. Labels can remain.

### ALUMINUM

All food and beverage cans are recyclable. Rinse out cans before placing them in your recycling container. Labels can remain.

### REMEMBER

All jars and bottles, metal cans, plastic bottles and jugs should be rinsed clean and placed commingled in your recycling container. **DO NOT USE BOXES, PLASTIC BAGS, OR CAN LARGER THAN 26 GAL.** Glass bottles and jars should not be broken before placed in container. Newspapers must be tied in both directions. Do not put in bags.

### NOT ACCEPTABLE

The following materials are not acceptable and should not be mixed in with your recyclables.
